Washington State University (“WSU”) has received a Federal award from a Federal Awarding Agency. This Contract is entered into with the Contractor to purchase property or services needed to carry out the project or program under the Federal award. When interpreting applicable provisions of 2 CFR Part 200 and its appendices: “Federal Agency” or “Federal Awarding Agency” shall refer to the agency of the United States Government from whom WSU has received Federal award funds to be expended under this Contract; “Non-Federal Entity” shall refer to WSU; “Contractor” shall refer to the contractor with whom WSU has entered into this contract; and “Contract” shall refer to the contract between the Washington State University and Contractor to which these terms and conditions are incorporated.

By accepting this order or by entering into this Contract, a Contract between WSU and the Contractor is formed. Contractor agrees to furnish the subject matter required by this order or Contract and agrees to all terms and conditions included by WSU, including the terms and conditions specified below. Any other applicable provisions of 2 CFR Part 200 are hereby incorporated by reference and shall have full force and effect.

Breach, Default, Termination: WSU reserves the right to pursue all available legal, administrative, contractual or equitable remedies in the event of Contractor’s breach of contract or violation of any term of this contract. WSU shall have the right to terminate this contract for cause and shall retain all rights and remedies against Contractor. WSU shall also have the right to terminate this Contract for convenience upon thirty (30) days’ notice to Contractor. Breach and/or Termination of this Contract shall be addressed in the manner prescribed in the General Terms and Conditions.

Furthermore, the Equal Opportunity clause contained in 41 CFR 60-1.4(b) applies to all nonexempt subcontracts entered into by Contractor under this Contract, and Contractor agrees to include the Equal Opportunity clause contained in 41 CFR 60- 1.4(b) in all nonexempt subcontracts.

In accordance with the Davis-Bacon Act, contractors must pay wages to laborers and mechanics at a rate not less than prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must pay wages not less than once per week. If the Davis-Bacon Act applies to this Contract award of this Contract is conditioned upon the acceptance of the wage determination. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 apply to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Non-compliant purchases must not be made until a waiver is obtained from the Federal funding agency.
